CODE TABLE
TABELLA CODICI
TABLE DES CODES
KODETABELLE

TABLA DE CÓDIGOS
TABELA DE CÓDIGOS
KODESKEMA
CODETABEL

Rules for modification codes

Identify the 3 mid digits (=SERIES) of the serial number of your machine. Eg.: 165**102**032

Modification codes begin with:
C for a part number valid UNTIL series ...,
F for a part number valid FROM series ... UNTIL series ...,
D for a part number valid FROM series ... ONWARDS.

Example:
C092: part number valid until series 092
F093109: part number valid between series 093 and 109
D110: part number valid from series 110 onwards
If your machine has serial number 165**102**032, choose the second part number in our example since 102 is between 093 and 109.

Explicación de los códigos de modificación

Identifique las tres cifras centrales (=SERIE) del número de serie de la máquina. Ej.: 165**102**032

Los códigos de modificación inician con:
C para el número de pieza válido HASTA la serie ...,
F para el número de pieza válido DESDE la serie ... HASTA la serie...,
D para el número de pieza válido A PARTIR DE la serie ...,

Ejemplo:
C092: número de pieza válido hasta la serie 092
F093109: número de pieza válido entre las series 093 y 109
D110: número de pieza válido a partir de la serie 110
Si su máquina presenta el número de serie 165**102**032, escoja el segundo número de pieza de nuestro ejemplo, ya que el 102 se encuentra entre 093 y 109.

Spiegazione dei codici di modifica

Identificate le 3 cifre centrali (=SERIE) del numero di serie della macchina. Es.: 165**102**032

I codici di modifica iniziano con:
C per numero di particolare valido FINO alla serie ...,
F per numero di particolare valido DALLA serie ... FINO alla serie ...,
D per numero di particolare valido DALLA serie ... IN AVANTI.

Esempio:
C092: numero di particolare valido fino alla serie 092
F093109: numero di particolare valido tra le serie 093 e 109
D110: numero di particolare valido dalla serie 110 in avanti
Se la vostra macchina ha il numero di serie 165**102**032, scegliete il secondo numero di particolare nel nostro esempio, dato che 102 si trova tra 093 e 109.

Explicação para os códigos de modificação

Identifique os 3 dígitos centrais (=SÉRIE) do número de série da sua máquina. Ex.: 165**102**032

Os códigos de modificação começam com:
C para número de peça válido ATÉ à série ...,
F para número de peça válido DA série ... ATÉ à série ...,
D para número de peça válido DA série ... EM DIANTE.

Exemplo:
C092: número de peça válido até à série 092
F093109: número de peça válido entre as séries 093 e 109
D110: número de peça válido da série 110 em diante
Se o número de série da sua máquina for 165**102**032, seleccione o segundo número de peça no nosso exemplo, visto que 102 está entre 093 e 109.

Explication des codes de modification

Identifiez les 3 chiffres au centre (=SERIE) du numéro de série de la machine. Ex. : 165**102**032

Les codes de modification commencent par :
C pour un numéro de pièce valable JUSQU'A la série...,
F pour un numéro de pièce valable DE la série ... JUSQU'A la série...,
D pour un numéro de pièce valable A PARTIR de la série..

Exemple :
C092 : numéro de pièce valable jusqu'à la série 092
F093109 : numéro de pièce valable entre les séries 093 et 109
D110 : numéro de pièce valable à partir de la série 110
Si votre machine a le numéro de série 165**102**032, choisissez le second numéro de pièce comme sur notre exemple, vu que 102 se situe entre 093 et 109.

Retningslinier for ændringskoder

Find frem til de 3 midterste cifre (=SERIEN) i maskinens serienummer (eksempelvis 165**102**032).

Ændringskoderne begynder med:
C for art. nr. gældende TIL serie ...
F for art. nr. gældende FRA serie ... TIL serie ...
D for art. nr. gældende FRA serie ... FF.

Eksempel:
C092: art. nr. gældende til serie 092
F093109: art. nr. gældende fra serie 093 til serie 109
D110: art. nr. gældende fra serie 110 ff.
Vælg det andet art. nr. i vores eksempel, hvis maskinen har serienummer 165**102**032, idet tallet 102 er mellem 093 og 109.

Erläuterungen zu den Änderungscodes

Ermittlung der 3 zentralen Stellen (=SERIENNUMMER) der Baureihennummer der Maschine. Bsp.: 165**102**032

Die Änderungscodes beginnen mit:
C für die Teilnummer, dessen Gültigkeit BIS zur Serie ... besteht,
F für die Teilnummer, dessen Gültigkeit AB der Serie ... BIS zur Serie ... besteht,
D für die Teilnummer, dessen Gültigkeit AB der Serie ... und für die DARAUF FOLGENDEN Serien besteht,

Beispiel:
C092: bis zur Serie 092 gültige Teilenummer
F093109: zwischen den Serien 093 und 109 gültige Teilenummer
D110: für die Serie 110 und die darauf folgenden Serien gültige Teilenummer
Ist Ihre Maschine mit der Baureihennummer 165**102**032 versehen, so wählen Sie die zweite Teilenummer aus unserem Beispiel, da 102 zwischen 093 und 109 liegt.

Uitleg van de aanpassingscodes

Stel de 3 middelste cijfers (=SERIE) van het serienummer van de machine vast. Bijv.: 165**102**032

De aanpassingscodes beginnen met:
C onderdeelnummer dat geldt TOT de serie ...,
F onderdeelnummer dat geldt VANAF de serie ... TOT de serie ...,
D onderdeelnummer dat geldt VANAF de serie ... .

Voorbeeld:
C092: onderdeelnummer dat geldt tot de serie 092
F093109: onderdeelnummer dat geldt voor de series tussen 093 en 109
D110: onderdeelnummer dat geldt vanaf de serie 110
Heeft uw machine serienummer 165**102**032, kies dan het tweede onderdeelnummer uit ons voorbeeld, aangezien 102 zich tussen 093 en 109 bevindt.
